

C.A.S. of New England New Old Stock Sale Item #87

Chrysler DRB-III Factory Tool

List Price @ \$5,995.00 / Sale Price @ \$4,890.00

Available for immediate sale is a standard package DRB-III. There are still vehicles out there that the only tool which allows one to complete a reflash is the DRB-III. This DRB-III is in great shape! You will find it appears in almost brand new condition including the various cables and leads. Many of them still in the original packing. Even has the reflash stickers to apply to vehicles.

The tool is fully functional and includes all the standard cables that Chrysler shipped with the tool. There are additional options available for this tool, see other back room specials for further details. At this price the tool will sell **quickly, so don't delay!**

The fine print: Package is sold in this configuration (no changes) with a 90 day warranty on all hardware and a CAS TAS First Year Support package included.

**Please contact your local C.A.S. representative
or call our offices to confirm availability before ordering!**

Toll Free: 1-877-263-4897

! This DRB-III package also includes the accessory PCMCIA cards and the later version CH7000A DLC cable !

! As seen here the DRB-III tool itself is in like new condition !
