New Old Stock Sale Item #55

'SUPER TECH' Flash, Scope & Scan Package

CarDAQ-M + PICO 4 Ch. Scope + AutoEnginuity

List Price @ \$8,800.00 / Sale Price @ \$5,750.00

This package was consigned by CAS to a well known 'National Trainer'. You may have even attended one of his classes! Now 1 year later, this 'like new' consignment set-up is back and available for sale as a 'Super Tech' Kit.

Packaged around a Dell Latitude Series laptop and custom configured for multiple OEM apps, this 'Super Tech' kit includes; AutoEnginuity's Domestic & European scan tool applications PLUS the CarDAQ-M latest generation J-2534 interface device for flashing multi-car lines PLUS a PICO 4 Channel Labscope!

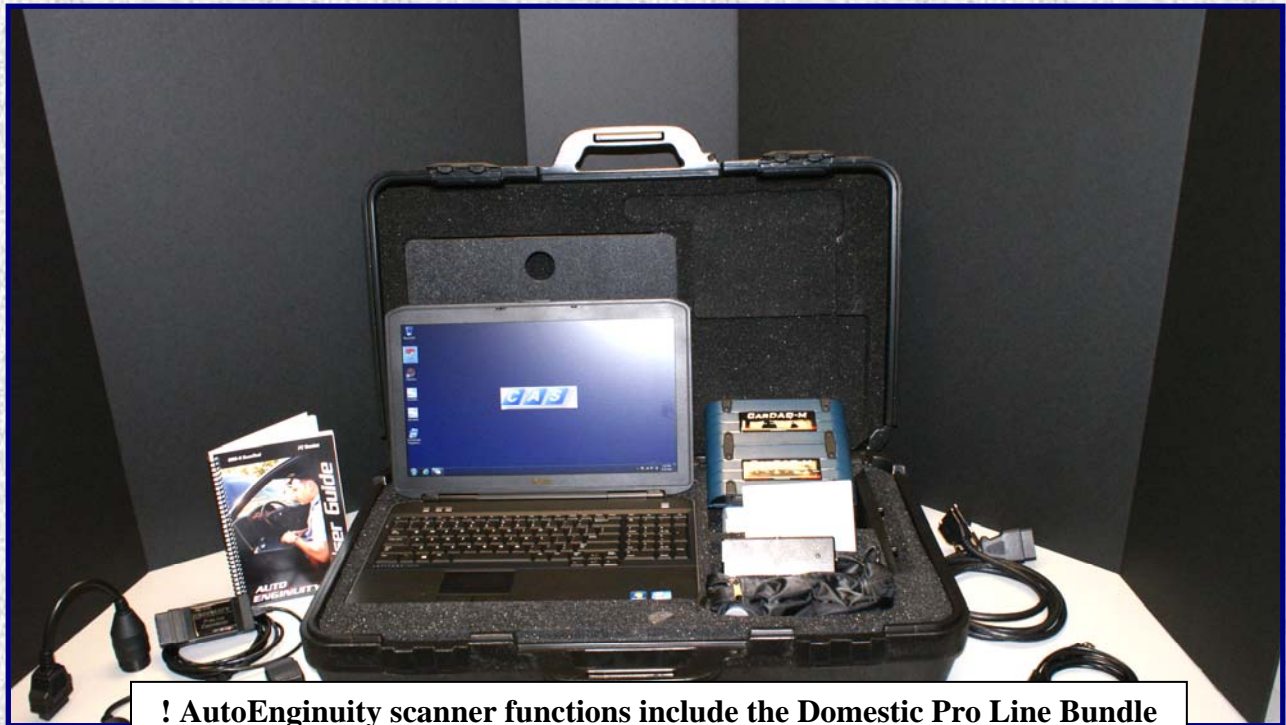

The fine print: Package is sold in this configuration (no deletions allowed) with a one year Manufacturers warranty on all hardware and CAS T.A.S. First Year Support package included.
