Model	Minimum Firmware	Minimum System Software	Minimum Chrysler Software
Gscan-3	1.48,3.01,2.27,1.01,1.05	20.05.18.01	20.06.18.01
Gscan-2	G1.44-A3.68	20.05.15.01	20.06.18.01
GscanTAB	1.48,1.07,2.30	20.05.18.01	20.06.18.01
Opti-Aim (GS3 platform)	1.48,3.01,2.27,1.01,1.05	20.05.18.01	20.06.18.01
Opti-Aim (GS2 platform)	G1.44-A3.68	20.05.15.01	20.06.18.01

All tools with a current subscription are able to download these versions for no additional charge. Tools not under a current subscription will require purchasing a subscription to allow for downloading the latest updates.

End users will also be required to register their business along with their specific scan tool model(s) and serial number(s) on the AutoAuth site prior to actually gaining access to a SGW module. Please visit <https://webapp.autoauth.com/> for further information and to begin the registration process.

Technical support from CAS can be obtained by calling 877-263-4897, M-F 8:30am to 5:00pm EST.
